DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

Applicant's election of Group II, Claims 13-15, in the response filed on 06/29/2007, is acknowledged. However, Applicant's response is not fully responsive to the prior Office Action mailed on 06/07/2007, because Applicants fail to elect a single specific species as required under 35 US 121 (1).

In the prior Office Action it was stated in paragraph No. 7: If any of Groups II or III is elected, applicant is further required to elect: a polypeptide encoded by a single specific DNA molecule of claim 1.

In Applicant's response filed 06/29/2007, Applicant states: "In response to the Restriction Requirement dated March 27, 2007, Applicants hereby elect, with traverse, Group II (claims 13-15), drawn to Phl p 4 protein or polypeptide fragments thereof and a pharmaceutical composition comprising the Phl p 4 protein or polypeptide fragments thereof."

Applicant has not elected a single specific species as is required under 35 U.S.C 121. Applicant is required to elect a single specific Phl p 4 protein or polypeptide encoded by a single specific DNA. Alternatively, Applicant may elect a single specific Phl p 4 protein or polypeptide having a single specific amino acid sequence. To be fully responsive to the Office Action mailed on 06/29/2007, applicant must elect a single specific Phl p 4 protein or polypeptide species.

Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nora M. Rooney whose telephone number is (571) 272-9937.
